

**EDULOG, Belmiro de Azevedo Foundation's think tank,
will be hosting the International Conference**

ECONOMIC DEVELOPMENT IN SOUTHERN EUROPEAN REGIONS: POLICIES AND HIGHER EDUCATION

25th and 26th May 2017, Porto, Portugal

PAPERS' THEMES

- > The success or lack of success of policies implemented in the lagging regions of the four countries.
- > Theory-based evaluations or quantitative counterfactual evaluations.
- > Theories behind the success or failure of policy efforts in this type of regions.
- > New policy perspectives or objectives, which should be implemented.
- > The interrelation between national and European regional policies and how they can be coordinated and made more complementary.
- > Prospective and policy components on the link between human capital, higher education (innovation) and regional development will be particularly welcome.
- > Reports from on-going projects on Smart Specialisation Strategies.
