

CURRICULUM VITAE

Karl Bruckmeier

January 2020

Professor in Human Ecology (retired)

Gothenburg University - School of Global Studies, Sweden

National Research University - Higher School of Economics, Moscow, Russia

Visiting professor New University of Lisbon UNL-FCSH 2019 (Cat dra Santander)

E-mail: karlbr@fcsch.unl.pt, karlbr@posteo.de

Personal Data

Date and place of birth: August 29, 1952; Aufhausen/N rdlingen, Bavaria, Germany

Nationality: German

Education

University education:

Sociology, economics, philosophy: Free University Berlin, Germany, 1972-1977

Psychology: Technical University Braunschweig, Germany, and Free University Berlin 1977-1980

Diploma in sociology 1977, Free University Berlin (diploma thesis: economic sociology and sociology of organizations)

Doctor in economic and social sciences (Dr. rer. pol.) 1986, Free University Berlin (doctoral thesis: theories of organizational society)

Language proficiency: German (mother tongue), English, French, Russian, Swedish, Spanish, Portuguese

Career Summary

1978-1985: researcher and lecturer in sociology - Free University Berlin, College of Public Administration Berlin (Germany)

Research in sociology of organisation/administration (organisational development in public administration, human resources development, implementation of public policies, social policy)

Writing doctoral thesis in sociology

1986-1996: researcher and lecturer in sociology - Science Centre Berlin; College of Public Administration, Berlin; Katalyse Institute, Cologne, Germany; Free University Berlin

Research in rural and environmental sociology, social and environmental movements, agricultural and environmental policy, rural development (European and developing countries)

1997- 2006: senior lecturer and researcher in human ecology - University of Gothenburg, Sweden, Free University Brussels, Belgium

Research in development/management of coastal and rural areas, fishery, agriculture and sustainable rural development, environmental conflicts, natural resource management, scientific and local knowledge for natural resource use

2007- 2018: professor in human ecology, University of Gothenburg 2007-2013, since 2011 Professor at National Research University NRU-HSE Moscow, Russia

Visiting professor: Free University Brussels, Belgium; Lomonosov Moscow State University, Russia; New University of Lisbon, Portugal UNL-FCSH

Retirement in 2018

Membership in Scientific Associations

European Society for Rural Sociology (Board Member 2003-2007)

German Society for Human Ecology (Board Member 1991-2000)

Society for Human Ecology (USA, Board Member since 2006)

Research projects, 1997-2017

1."RETHINK – Rethinking the links between farm modernization, rural development and resilience in a world of increasing demands and finite resources" (Funded by RURAGRI, EU-supported, 2013-2015, European research project)

2. «Обыденное и научное знание об обществе: взаимовлияния и реконфигурации в сравнительной и исторической перспективе», (2013-2014, И.Ф. Девятко, Институт социологии РАН, РФНФ грант No.13-03-00598). Practical and scientific knowledge: interaction and reconfiguration in historical perspectives, Institute of Sociology, Russian Academy of Sciences, 2013-2014 (Funded: Russian Fund of Humanities)

3 "SECOA – Solution to Contrasts in Coastal Areas" (EU-funded, 2009 – 2013, cross national study of sustainable development in metropolitan coastal areas in eight European and Asian countries)

4. "Multifunctional Agriculture" (Multiagri, EU funded, 2007-2009 – multifunctionality of agriculture and rural areas, fifteen European countries)

5. "Rural Sustainable Development in the Knowledge Society" (CORASON, EU funded, 2006-2008 – cross-national sociological research project about the conditions for rural sustainable development in twelve European countries)

6. "Welfare Quality" (WQ, EU funded, 2005-2007 – interdisciplinary European research project about welfare of farm animals, including the cattle, pig and poultry sectors)

7. "Development of a Procedural Framework for Action Plans to Reconcile Conflicts Between the Conservation of Large Vertebrates and the Use of Biological Resources: Fisheries and Fish-eating Vertebrates as a Model Case" (FRAP, EU funded, 2003-2005 interdisciplinary European research project, including conflicts between seals and fishery in Sweden and Finland)

8."Sustainable Coastal Zone Management" (SUZOZOMA, Swedish national funding by Mistra, 1997-2004 – interdisciplinary environmental research program about resource use conflicts and water quality management at the Swedish West and East coast (fishery, mussel culture).
